Foliage:	green
Fall Color:	yellow, orange, red
Flowers:	ruby-red
Fruit:	capsule
Zone:	5

DESCRIPTION

The red flowers of Diane Witchhazel are a welcome sight in mid to late winter! Fragrant blooms form all along the stems, providing a colorful display against the bare branches.

Diane lights up fall gardens as well. Yellow, orange and red foliage colors are long lasting and are displayed on the shrub simultaneously.

Give this large spreading shrub room to mature. Utilize in borders, woodland gardens and as a single specimen. Site where views of its flowers can be enjoyed during winter.
