Fruit:	aggregate of follicles
Zone:	5

DESCRIPTION

Magnolias are invaluable in the garden! Their large, showy blooms are offered in an array of colors, and the variety of size and form makes it easy to find one that will suit your needs.

One of the most cold hardy Southern Magnolias, 'Bracken's Brown Beauty' is certainly a beauty! It has an extremely dense pyramidal to rounded form. Lustrous dark green leaves have a rusty colored pubescence on the underside. Huge, fragrant white flowers are borne in summer, followed by large aggregates that open to expose red seeds.

Give 'Bracken's Brown Beauty' a prominent spot in the landscape.
