Flowers:	pink to blue
Fruit:	capsule
Zone:	5

DESCRIPTION

One of The Endless Summer® series of Bigleaf Hydrangea which is unique in that they bloom on both old and new wood, essentially providing a summer full of perpetual bloom!

Blushing Bride® offers prolific flowering, with white mophead blooms that mature to a soft blush-pink color. Dark leaves provide the perfect backdrop for the large flowerheads.

As this Hydrangea will bloom on new wood, deadheading spent flowers will encourage more blooms. Plant in moist soils in large containers, shrub and perennial borders, or massed in the landscape.
