## DESCRIPTION

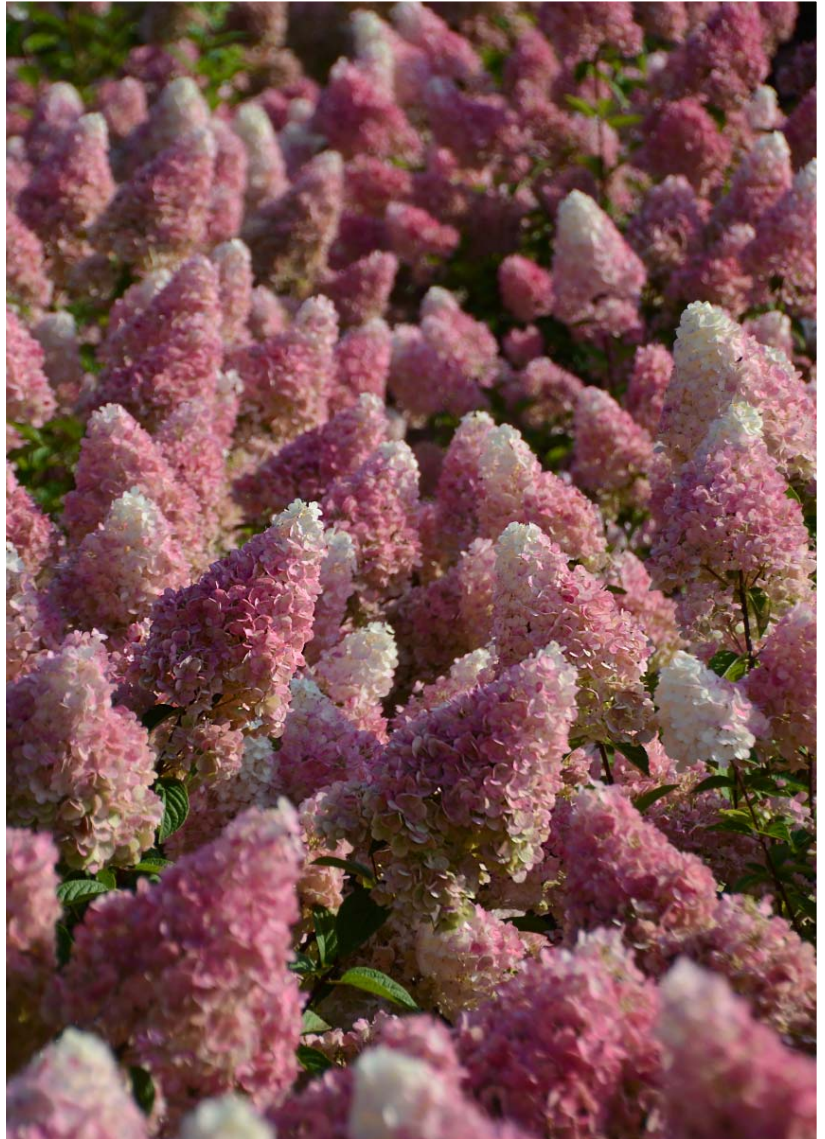

Panicle Hydrangeas are hardy, vigorous shrubs with an upright growing habit. They may also be grown tree form. Large panicles of white flowers are produced in summer which mature to pink later in the season. Flowers are held on strong stems and are good for cutting. Panicle Hydrangeas are best grown in full sun. They bloom on new wood, ensuring reliable flower production every year.

Strawberry Sundae® is similar to Vanilla Strawberry®, but has a more compact size. Its creamy white flowers change to pink and end a beautiful strawberry-red.

Utilize in borders, as hedges or as a single specimen.
