Height:	12-18"
Spread:	18-24"
Shape:	mounded
Foliage:	variegated
Fall Color:	variegated
Flowers:	pink
Fruit:	capsule
Zone:	4

DESCRIPTION

Weigela has long been valued for their profuse display of brightly colored flowers in late spring. They are extremely adaptable to soil type and grow best in full sun.

My Monet[®] is an introduction from Proven Winners[®]. It is a compact, mounded shrub with colorful, variegated foliage. The foliage will be variegated green/white in full sun, with a little shade bringing about more pink tones. Pink flowers are borne in clusters in spring.

This little shrub is perfect for adding season-long color in containers. It is also nice as a border edging, in perennial gardens and in semi-shaded areas that need a splash of color.
