SPECS

Height:	3-4'
Spread:	4-5'
Shape:	rounded, spreading
Foliage:	green
Fall Color:	burgundy-red
Flowers:	pink to blue
Fruit:	capsule
Zone:	5

DESCRIPTION

The Endless Summer® series of Bigleaf Hydrangea is unique in that they bloom on both old and new wood, essentially providing a summer full of perpetual bloom!

Bloomstruck® produces large mophead flowers which will be pink in alkaline soils, blue in more acidic sites. Its petioles and veins are red, creating a show even when not in bloom. The glossy, dark green foliage turns burgundy-red in fall.

As this Hydrangea will bloom on new wood, deadheading spent flowers will encourage more blooms. Plant in moist soils in large containers, shrub and perennial borders, or massed in the landscape.
