Fruit:	capsule
Zone:	5

DESCRIPTION

Part of the Proven Winners® Lo & Behold® series of miniature Butterfly Bushes. 'Purple Haze' has fragrant purple-blue flowers most of the summer, with the panicles radiating outward and downward, giving them a pinwheel-like effect.

Butterfly Bush is great for attracting butterflies and hummingbirds to the garden. The diminutive size and spreading habit of this cultivar makes it perfect for the edge of borders, or massed as a colorful groundcover.
