<u>New Plants</u>	<u>Specials</u>

Acorn Farms Inc was founded in 1976 as a Central Ohio wholesale nursery and tree farm on a 80 acre tract in the Alum Creek Valley of Central Ohio. We continue to grow and expand, offering over 800 acres of the highest quality shade and ornamental trees and 80 acres of container stock including wholesale shrubs, perennials, annuals, succulents, poinsettias, mums, bulbs, and seasonal plants at our Galena location.

Sales are generated by both on and off-site staff, with truck delivery to the US East Coast including New York, Long Island, New England, New Jersey, New Hampshire, Rhode Island, Connecticut, Delaware, and the Midwest areas of Pennsylvania, Maryland, Michigan, Kentucky, Virginia, West Virginia, Indiana, Illinois, Wisconsin and Iowa.

#### Trees:

Acorn Farms Inc. has one of the largest re-wholesale redistribution centers in the Midwest. We also have one of the most diverse pallets of plant material offered in the region, if not the entire US.

**Availability** 

Over 620 acres are designated for growing trees and shrubs. Approximately 30-33 thousand shade and ornamental trees are planted each year, and 28-30 thousand trees are dug annually. We grow both shade and ornamental trees and evergreen trees and shrubs ranging in size from 1.5" to 5" caliper as well as deciduous trees from #5 to #25 containers.

#### Shrubs:

More than 80 acres are committed to container stock production/sales yard in Galena. Automated potting equipment allows our crews to pot up to 10,000 plants daily. An extensive selection of deciduous and evergreen shrubs are available in #2 and #7 containers as well as roses, vines, topiary and specimen material. We grow 30,000 roses annually from the newest cultivars to timeless favorites of the past.

#### **Perennials:**

Perennials grown on the farm and in Zanesville total close to 400,000 annually and are potted from bare root divisions and large plugs. Several cultivars are also propagated here and in Zanesville. Perennials are available in Trade 1, #1 or #2 containers, and a wide selection of ornamental grasses are also grown. New varieties are offered each year, as well as all of the old favorites.

#### Annuals & Seasonal:

Over 1 acre of greenhouse grows a wide variety of annuals and seasonal items that provide color for every season. We offer annuals in containers, flats, and hanging baskets. Over 9,000 poinsettias, 38,000 mums and a wide assortment of succulents and bulbs are available seasonally!

<u>New Plants</u>	<u>Specials</u>

Our <u>Reference</u> section is vast and has every plant we carry. We offer extensive plant information, pictures, links to companion species, grower notes and updated stock numbers. You can search by botanical, common, type, current size, mature size, genus, zone, flower and foliage color, fruit, light conditions and even special attributes such as exfoliating bark, deer resistant and drought and salt tolerant. Our hardgoods and planter sections offer lists and stock numbers as well.

We have a number of <u>Grower Articles</u> that are quite helpful for you and your clients such as For the Pollinators, The Early Show, Hostas by Color, Beyond Hostas—Shade Perennials, Best in Show and many more!
