Shape:	upright, spreading
Foliage:	purple
Fall Color:	orange-red
Flowers:	Pink-red
Fruit:	red, persistent
Zone:	4

## DESCRIPTION

Crabapples are prized for their spectacular display of fragrant blooms in the spring. Colorful fruit extends their interest into the fall and winter months. The staggering choices of size, form, flower and fruit colors make it easy to choose at least one for nearly every landscape situation.

Royal Raindrops® has an upright habit with good branching structure and dense form. Its purple cutleaf leaves are deeply lobed. Bright pink-red flowers in spring are followed by red fruit that persist throughout winter.
