SPECS

Height:	3-6'
Spread:	3-6'
Shape:	rounded
Foliage:	green
Fall Color:	red-purple
Flowers:	white
Fruit:	capsule
Zone:	5

DESCRIPTION

Oakleaf Hydrangea is a handsome native shrub that offers ornamental interest in every season!

From Ball Ornamentals, 'Ice Crystal' was developed to have an extended bloom period. Its panicles of white flowers are produced most of the season, changing to an attractive pink color later than other cultivars. Its green foliage resembles oak leaves and turns purple to red tones in fall. During the winter months its exfoliating bark takes center stage.

'Ice Crystal' will provide a summer of bloom for shrub borders and foundation plantings. Showy when massed in the landscape.
