Fruit:	seldom
Zone:	4

DESCRIPTION

Magnolias are invaluable in the garden! Their large, showy blooms are offered in an array of colors, and the variety of size and form makes it easy to find one that will suit your needs.

A mature Saucer Magnolia is an impressive sight while in full bloom! Its large flowers are purplish-pink on the outside of the petals, pinkish-white inside. This Magnolia blooms very early, and flower buds may be damaged by spring frosts. One look at this Magnolia in bloom, however, make it worth the risk. Provide moist, organic soil for optimal growth.
