Height:	15-20'
Spread:	15-20'
Shape:	vase
Foliage:	green
Fall Color:	yellow-orange
Flowers:	yellow
Fruit:	capsule
Zone:	5

DESCRIPTION

Large, clear yellow flowers are produced abundantly on the bare branches of this shrub. Flowering occurs a little later than other *x intermedia* types, generally during late winter. Arnold Promise is a dependable bloomer, displaying a heavy crop of fragrant flowers each year!

Summer foliage is handsome and dark green, with autumn bringing orange-yellow tones to the garden.

Give this large spreading shrub room to mature. Utilize in borders, woodland gardens and as a single specimen. Site where views of its flowers can be enjoyed during winter.
