Spread:	4-5'
Shape:	rounded
Foliage:	cream-yellow-green
Fall Color:	yellow
Flowers:	dark red-pink
Fruit:	capsule
Zone:	4

DESCRIPTION

Weigela has long been valued for their profuse display of brightly colored flowers in late spring. They are extremely adaptable to soil type and grow best in full sun.

Ghost™ Weigela is a unique cultivar from Proven Winners®. Its chartreuse foliage matures with a buttery color that has a ghostly iridescence. It has red-pink flowers and exhibits sporadic rebloom during the summer.

The unusual foliage color of this cultivar looks especially nice combined with plants that have dark or purple foliage. Use it in borders, in groups, or massed in the landscape.
