Flowers:	dark pink
Fruit:	capsule
Zone:	5

DESCRIPTION

From Proven Winners®, the Cityline™ Series of Bigleaf Hydrangea were developed to display a dwarf compact habit, large flowers on strong stems and dark green foliage that is mildew resistant.

Cityline™ Venice has bright fuchsia to blue mophead flowers that gradually fade to an attractive green color. Flower color is pH dependent.

This series' compact habit makes them wonderful for container use. They are also nice in shrub and perennial borders, massed in the landscape, and in smaller garden areas.
